Dated:09-11-2010

To,

**The Medical Superintendent,
G. B. Pant Hospital,
New Delhi.**

Sub: Construction of EDP cum Referral Clinic, Administrative Block & Additional basement parking at G.B. Pant Hospital – Environmental Clearance regd.

Sir,

This has reference to your letter no. 23(15)EE/B-235/PWD/162 received on 30/06/2010 made to Member Secretary, State Level Environment Impact Assessment Authority (SEIAA), Delhi and forwarded to SEAC with respect to application for Environmental Clearance of the project mentioned in the subject above.

1. The proposal was put up for consideration by the State Level Expert Appraisal Committee (SEAC) in its 21st meeting held on 06.08.2010, where in it had been informed to the Committee that the construction started in January, 2006 and the plinth level was reached before Environment Impact Assessment (EIA) Notification of September, 2006.
2. The Committee examined the supporting documents to the above said claim submitted by the proponent and also found that the construction was started before EIA Notification, 2006. Consequently the project was not appraised as it does not fall under EIA Notification, 2006. SEAC hence re-commended de-listing of the project subject to .implementation of following suggestions by the project proponent:
 - (i) The waste water from Hospital should not be mixed with domestic sewage.
 - (ii) The domestic sewage should be treated on site STP and the entire treated water should be used for horticulture.
 - (iii) The waste water generated from hospital should be treated at on site ETP. The treated water should meet the standards set by CPCB before discharging it into sewer.
 - (iv) At least 5 to 10 m wide green belt should be developed.
3. In view of above, SEIAA in its 11th meeting held on 25.10.2010 has been decided to close the file and delist the project from the list of pending projects for Environmental Clearance, as it does not fall under purview of EIA Notification, 2006.
