Subj: Construction of 3 Nos. Additional Clover leaves of Sarita Vihar flyover including Slip road/ Approach road, bridge, footpath, cycle track & Underpass (RUB) to connect Road No. 13A to Road No.13, at Sarita Vihar on NH-2, Mathura Road, New Delhi - Regd.

Sir,

This has reference to your communication no. F4/59/FD-4/2012/DDA/324 dated 31.05.2012 made to State Level Expert Appraisal Committee, NCT-Delhi, for the above mentioned project. This was in response to a letter issued on dated 02.01.2012 informing (i) The violation of EIA notification of 2006 should be brought to the notice of Vice-Chairman to ensure that no violation of EIA Notification, 2006 in future (ii) A show cause notice for stopping illegal construction & (iii) Delisting of the project.

You may be aware that the said project was appraised by the SEAC in its meetings held on 29.07.2010, 29.09.2010, 26.11.2010, 20.12.2010, 20.05.2011 and 24.09.2012. It was brought to notice of the Committee during the project appraisal in 20th meeting held on 29.07.2010 that the construction work has been started prior to grant of Environmental Clearance. The site was also inspected by SEAC member and DPCC officials on 16.9.2010. Further, ground water was being drawn for construction work without permission from CGWA/concerned Competent Authority.

After further examination of the project proposal, the SEAC recommended the project proposal to SEIAA for EC in its 31st SEAC meeting held on 20.05.2011. However, in 15th SEIAA meeting held on 12.12.2011, the SEIAA took note of the fact that (i) the construction was started before EC and (ii) extracting ground water without permission from CGWA, which was observed by the SEAC members

and DPCC officials during their site visit on 16.09.2011. The Authority decided that Member Secretary should process the matter on file for seeking appropriate resolution from the proponent as per the procedure laid in the Office Memorandum no. J-110113/41/2006-IA.II (I) dated 16th November 2010 of the Ministry of Environment and Forests, GOI. In the meantime, the project shall be treated as de-listed.

The response dated 31.05.2012 signed by Engineering Member and Vice-Chairman of DDA, was examined by the SEAC & SEIAA and it was mentioned that there was neither illegal construction nor violation of EIA Notification of 2006 and its subsequent amendments. In 46th SEAC meeting held on 24.09.2012, the Committee, after careful evaluation of the response given by the project proponent, decided to close the matter and the project was treated as withdrawn. The SEIAA also agreed with the evaluation of the SEAC in its 18th SEAC meeting held on 04.12.2012.

This is for your information please.

(Sandeep Mishra)
Member Secretary (SEIAA)
