v) The issue of giving consent to Gold assaying & Hallmarking centers in conforming industrial areas was also discussed. DPCC has already categorised the unit under Orange category vide minutes of the Categorisation Committee dated 11.05.2022. The decision of DPCC is based on the guidelines of CPCB on Gold Assaying and Hallmarking centers which are engaged in the XRF section, melting section, sample preparation using nitric acid, assaying section, and cupellation parting section. These units are required to provide fume extraction systems and the rest of the waste i.e. spent acid and spent cupels are required to be sent to TSDF. No effluent is generated from the process. Therefore, being an Orange category unit without wastewater discharge, it was decided to grant CTE and CTO to this activity in the conforming industrial area.

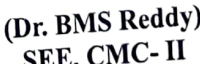

Note:- All CMCs Incharges to ensure that decisions of the Committee are conveyed/consent granted/refused to the unit within 03 days from the date of issuance of these minutes.

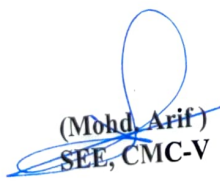

The meeting ended with a vote of thanks to the Chair.
