1	M/s Ideal Udyog,	Plot No. 102, Phase II, Badli Industrial Area, Delhi – 42.	Manufacturing of Cu and brass sheets/ circles involving annealing and pickling.	Legal Cell had informed that the firm had gone to Hon'ble High Court and the Court disposed of the case and allowed the firm time upto 02.07.07 to file appeal before Appellate Authority. In view of above, the Committee felt that the order of Appellate Aut	AA passed order and stayed our actions. Appeal will be heard in May 2008. Unit had valid renewal of consent up to 25.2.2007. Applied for renewal of consent again on 26.6.2007.	It does not stand to reason that the polluting unit continues to violate the Air / Water Acts and HWM Rules on account of a long date given by Appellate Authority under Water Act, which harms public interest. Therefore the Committee felt to file immediate application for early hearing. Since the unit has been ordered closure u/s 5 of the EP Act, 1986 which covers the HWM Rules also and immediate inspection must be done by the concerned CMC and reported by 11th February, 2008 on the status of the unit and whether it is operating in violation of the directions under EP Act.	Inspection of the unit carried out on 08.02.2008 and found operational.	The case of M/s Ideal Udyog, BIE was discussed and it was decided to issue (i) Closure order under Hazardous Waste (Management & Handling)Rules,1989 in view of the inspection report. (ii) Speaking order may be passed. (iii) Copies of the order may be sent to both Appellate Authorities under Water Act, 1974 and Air Act, 1981 and Registrar, High Court.

1	Tivoli Garden Resorts(A unit of TG Leisure & Resorts P Ltd)	Chhattarpur, Mehrauli, N. Delhi - 30	Resorts with Restaurant,Banquette Hall	Decision of CMC dt 30.01.2008 A complaint has been received from the Chief Minister's Office for Tivoli Resorts at Chatterpur. The complaint is in the nature of violation of D.G. Set rules. The moot point is whether the ETP is installed and is fully operational. Also whether the unit has a valid consent to establish / operate. These facts may be ascertained by the PGRC and the case may be put up on 5th February, 2008. Inspection done on 04.02.2008. STP installed, but not found in operation during the inspection. Fresh bore water is being mixed in the final treated water collection tank and the same is used for gardening purposes.Septic conditions were prevailing in various units of STP. 750, 380 and 125 KVA DG sets found in the premises, placed in separate accoustic enclosures.Adequate stack height has not been provided with the DG set of capacity of 125 KVA. Apart from two permanent kitchens one temporary kitchen exists. No channelisation of emissions generated from the cooking process. Unit is having two oil fired boilers for hot water generation. Not applied for consent to establish/operate.	The unit was inspected and notice u/s 31(A) of the Air Act and u/s 33(A) of the Water Act may be issued to the unit drawing out the deficiencies found during the inspection. Separately in a paragraph the gist of the complaint should also be mentioned seeking the comments of the unit. The unit may also be asked to apply Consent to Establish and file an affidavit within 20 days. Case is to be taken up in 29.02.2008.	This was taken up today on account of a complaint received from LG office. Since, the notice was issued to the unit on 06.02.2008 granting 20 days time, case may be taken up in CMC meeting on 29.02.2008 and ATR may be sent to LG's Office.
