

Minutes of the 38th meeting of the Committee Constituted for Deciding the Consent under Orange Category, held on 30.01.2008 in the Conference Room of Chairman, DPCC.

The following persons attended the meeting on 30.01.2008:

1. Sh. J. K Dadoo, Chairman DPCC
2. Sh. S.K.Gupta, Head, Chemical Engineering Deptt. ,IIT Delhi
3. Sh. B. Kumar, SEE, DPCC
4. Sh. M. Dwarakanath, SSO, Deptt of Env., GNCTD
5. EEs CMC – II & III.
6. EE and AEEs of PGRC.
7. AEEs and JEE of CMC – I, II & III.

38th meeting of the Committee constituted for deciding the Consent (under Orange Category) was held on 30.01.2008. Member Secretary, DPCC was not present in the meeting as he was preoccupied with other official work. EE, CMC – I was also not present as she was on medical leave.

Following decisions were taken in the said meeting:

Agenda Item No. 1-Fresh cases of consent to establish.

50 cases of this agenda were discussed and decisions taken are tabulated as **Annexure – 1.**

Agenda Item No.2- CBI Reference cases.

Decisions taken with respect to this agenda are annexed as **Annexure – 2.**

Agenda Item No.3- Special Reference Cases.

All the cases of this agenda were discussed and decisions taken are annexed as **Annexure – 3.**

Agenda Item No. 4- PGRC cases.

Decisions taken with respect to PGRC cases are annexed as **Annexure – 4.**

While discussing the issue of smell/odour problem, it was decided that in the next DPCC meeting, one of the agenda items should be standards to be set by CPCB on smell related pollution.

Meeting ended with thanks to the Chair.

In the next DPCC meeting, one of the agenda item should be standards to be set by CPCB on smell related pollution. Mr. D.K. Singh had reported that prima-facie at least 45 units are engaged in hazardous and highly polluting activities. He must check the CMC records and confirm on file by 25th February, 2008 CMC which of these 45 units have (a) consent to establish / operate (b) applied for consent to establish / operate (c) not applied for consent to establish / operate.

As regards the other remaining 118 units, CMC records must be examined to indicate how many these are in Orange category so that a comprehensive picture emerges and appropriate action as per the relevant environmental legislations can be taken against these units.

In view of the deficiencies found list as follow :

The committee felt that the unit may be issued SCN under Air / Water and HWM Rules under section 31(A) of the Air Act, 33(A) of the Water Act & u/s 5 of the EP Act, this must be done immediately and case put up with the ATR on 11th February, 2008.

A complaint has been received from the Chief Minister Office for Tingloi Resorts at Chatterpur. The complaint is in the nature of violation of D.G. Sets rules. The moot point is whether the ETP is installed and is fully operation. Also whether the unit has a valid consent to establish / operate. These facts may be ascertained by the PGRC and the case may be put up on 5th February, 2008.

Since this is the highly polluting activity and the Bank Guarantee was taken only for six months which period is over now. The Bank Guarantee may be taken a fresh for one year beginning January, 2008

It does not stand to reason that the polluting unit continues to violate the Air / Water Acts and HWM Rules on account of a long date given by Appellate Authority, which harms public interest. Therefore the Committee felt to file immediate application for early hearing.

Since the unit has been ordered closure u/s 5 of the EP Act which covers the HWM Rules also and immediate inspection must be done by the concerned CMC and reported by 11th February, 2008 on the status of the unit and whether it is operating in violation of the directions under EP Act.

Before his consent application is considered, let him file a fresh Bank Guarantee valid for one year.

Based on the videography CD seen by Prof. Gupta, the unit appears to be big but having sloppy operations. Since the unit is highly polluting it cannot run on sloppy lines and create adverse public interest. The unit may be asked Bank Guarantee of Rupees One Lakh under three acts valid upto 06.02.2010. It must also be directed to have efficient ETP, ECS & HWM systems. Let the unit file an affidavit to this effect along with the Bank Guarantee.

He may be asked to file Bank Guarantee of Rupees One Lakh under Air Act valid upto 06.02.2010.

VIP Reference

He may be asked to file Bank Guarantee of Rupees One Lakh under Air Act, Water Act & HWM Rules valid upto 06.02.2010 since his production figures as per affidavit is 1.5-2.0 tonnes / day.

Letter to Secretary, MoE&F, Govt. of India on the similar lines as was done in another similar case before.

Consent to Establish granted provided he meets each and every condition listed under the Environmental Clearance for construction phase and informs DPCC as soon as the construction phase is over. His bonafides are established by the fact that he applied for Consent to Establish in May 2007 and started construction in October, 2007 after receipt of Environmental Clearance. However the committee feels that there are several conditions which must be kept under surveillance to ensure that DPCC is not duped by any violation of the EIA conditions. The unit must also ensure the effluent treatment should be done to the extent that at least 50 % of the water shall be reutilized in horticulture / cleaning etc. Therefore, the concerned CMC may do an inspection of the premises by March, 2008 and submit a report to CMC to be considered in the last meeting of CMC in March, 2008.

Ask him to apply for Consent to Establish.

The Green Committee may take its application expeditiously for disposal.

The Committee felt that since he has complied with all the conditions including submission of Bank Guarantee of Rupees Three Lakh valid upto 06.02.2010. He may be granted Consent to Establish with condition that an inspection may be done by March, 2008 and submit a report to CMC to be considered in the last meeting of CMC in March, 2008.

Letter to Secretary, MoE&F, Govt. of India on the similar lines as was done in another similar case before. Letter be issued by tomorrow.

Further, before taking or finalizing any action against the unit it will be legally prudent to give him reasonable opportunity of being heard. Accordingly, letter be issued to him tomorrow to appear before the CMC on 05.02.2008 at 5.00 PM along with an item wise compliance report of the conditions in the construction phase as stipulated in the EIA clearance. He should not be accompanied by an advocate because he is being allowed opportunity to be heard by the entire Committee.

Consent to Establish granted subject to 4 conditions of CPCB. In addition, he will put the requisite ECS system to control the air pollution.
To be deferred till Justice Chopra Committee report.
