Installation of Paper Recycling Plant at 50 Government Schools.

There is an immediate need to minimize waste generation at source and recycle the waste. In the context, the recycling of waste papers in government schools can be a viable solution for reduction of waste. One paper recycling unit has already been installed at Delhi Secretariat which is working efficiently. All the waste paper generated in Secretariat are recycled back and reused in office work.

It is, therefore, proposed that similar paper recycling units may be installed at atleast 50 government schools of Delhi, list of such school is placed at (Annexure -4). DPCC may provide the financial assistance to the schools for installing the paper recycling units at the rate of Rs.One lakh plus taxes as quoted by Development Alternatives, who installed the unit in the Delhi Secretariat.
